Aim & Scope of the Chapter

■ **We have discussed the concept of preprocessing and preprocessor directives in** Chapter 1. **We have also used some preprocessor directives like** `#include` **and** `#define` **to a limited extent.**

■ **This chapter aims at exploring some commonly used preprocessor directives in detail, which are:**

> **`#include`**

> **`#define`**

> **`#undef`**

> **`#ifdef`**

> **`#ifndef`**

> **`#if`**

> **`#endif`**

> **`#else`**

This is an assignment for the student.
